

Dear Users,

Please be informed that from 1 Apr 2026, INLIS will implement secure digital access as part of on-going efforts to strengthen data protection and promote responsible system usage.

As part of this enhancement, daily purchase limits will be applied to Property Information products. For law firms, the daily purchase limit will be set at 200.

Please note that there will be no change to the current login process for PSS-Inlis. Users will continue to access the system using their existing User ID and Password. The daily purchase count will be monitored and tracked within the INLIS system.

For your reference, a screenshot showing where the purchase count can be viewed in the system is provided below.

The screenshot shows the INLIS system interface. At the top, there is a navigation bar with the Property Information System logo, SAL LAWNET logo, and a user profile for 'psst002 User!'. Below this is a secondary navigation bar with links for Home, About, View Purchase History / Download Products, Other Services, MyProperty, and a shopping cart icon with a '2' notification. A progress bar indicates the current step is '1 Checkout', with '2 Payment' and '3 Confirm' as subsequent steps.

The main content area is titled 'Shopping Cart'. It features a search bar with 'Find' and 'Clear' buttons. Below the search bar, the user is identified as 'Lawyer/ Law Firm'. A notification box states: 'Remaining property products available to purchase today: 200', with a red arrow pointing to it. Below this is a table with columns for S/N, Product Details, Purpose, and Price.

S/N	Product Details	Purpose	Price
